

## Instructions for using the R&G Fibreglass Telescopic Poles

Fibreglass Telescopic Pole (white) 12.5 m (6701102-W)

Fibreglass Telescopic Pole (black) 9.8 m (6701101)

### How to handle the rubber top cap:

By removing the **rubber top cap**, the **telescopic rod** can be extended **at the top**.

### How to handle the aluminium bottom cap:

By unscrewing the **aluminium bottom cap**, the **individual segments** can be taken out **at the bottom**, please start step by step with the smallest diameter. Any damaged segments can also be removed and be replaced.
